

Energy Star Building Partner

PERFORMANCE S 1042

SEATING CAPACITY 4 ADULTS

KleenSpa™ The Worlds Only Self-Cleaning Spa System w/ Sealed Filtration	Circulates and filters 100% of the spa water. A turbo filter cartridge keeps the spa clean of dirt and small debris using the self-cleaning system w/ built-in floor drain; and conceals unwanted odors in the sealed canister, while the ozonator and automatic chemical feeder keeps your spa water sanitized, balanced, and crystal clear. Your spa cleans while you relax and is America's first and only self-cleaning spa.
Energy Efficient Circulation System	This pump produces 1/15HP while allowing Baja's filtration system to run 24 hours at only a .35 Amp rate, making it 85% more energy efficient.
5.0 HP XP2e Pump	This 56 frame 2 speed pump is one of the most effective and efficient pumps in the industry.
2.0" Plumbing	Plumbed with 2.0" plumbing to utilize the optimal amount of flow with the least amount of energy.
Baja Smartub™	The best components with the most sophisticated electronics perform to their capacity and provide ease of operation with faster "at hand" spa side controls. Smartub™ protects the spa in extremely cold temperatures with freeze protection.
Maximum Spa Integrity	Multiple layers of chopped fiberglass on the back of the spa to increase shell strength.
WeatherWrap™ Insulation System	WeatherWrap™ is an exclusive feature designed for maximum energy efficiency. The insulation blanket effectively retains warmth while reducing equipment noise.
Energy Star Building Partner	Partnering with Energy Star, Baja has demonstrated environmental leadership and improvement to their energy efficiency by reducing environmental impacts with their business and products.
Waterfall Therapy	Creates a soothing and relaxing effect of cascading water. Lighted waterfall grabrails.
"RIBS" Relief-In-Back-System	These especially designed indentations located in the hydrotherapy seats, permit the spa's warm water to circulate across the bather's back creating a wrap-around therapy effect. We refer to them as R.I.B.S.
Baja Breeze Aromatherapy	Restores balance and harmony to all your senses with innovative aroma-therapy spa scents.
Therapeutic Jetting	28 versatile hydrotherapeutic jets enable you to choose the right type of massage.
TurboStream™	High volume frontal body and foot jet enables you to choose the right type of body massage.
LUCITE® Cast Acrylic with Microban® Antimicrobial Protection	Baja uses only the highest quality LUCITE® cast acrylic with Microban® antimicrobial product protection to guard your spa from bacteria that can cause stains and odors. Antimicrobial protection makes your spa easier to clean and keeps your spa surface cleaner between cleanings by inhibiting the growth of microbes.
EON Synthetic Modular Cabinet	A stunning and virtually indestructible alternative to wood cabinets. EON captures the look, feel and natural beauty of wood without the drawbacks.
Chromo-Therapy	LED digital spa light is preprogrammed with 6 radiant color shows and 7 single shade colors. This feature brings brilliance to your spa experience.
